

Rag Quilt Prep for April 2016 Sew-In

Step 1: Cut 2 blocks at 8" each. It is nice if they match, but they don't have to. **Cotton only** please this year. No flannel. Any batting will do.

Step 2: Cut 1 batting block at 7". You can literally use anything for the batting. It does not have to match each block sandwich.

Step 3: Assemble the sandwich.

Step 4: Sew corner to corner and it is done

Step 5: If you prefer to cut fabric only or batting only or not to sew the X, just bring them to the Guild March meeting. This way others who want to sew can take and finish them.
